Proposed Building A will be 4,245 square feet in size and Building B will be 1,633 square feet in size. A total of twelve on-site parking spaces will be provided. The project will result in the disturbance of the entire 11,500 square foot parcel. The project is within the Commercial Retail land use category and is located at 408 South Main Street, on the southwest corner of the intersection of South Main Street and 4th Street, in the community of Templeton. Xzandrea Fowler, Project Manager.

Assessor Parcel Number: 041-113-008.
Date Accepted: May 30, 2014
Recommendation: Approve.

Thereafter, on motion of the hearing officer, the request by PADERO, LLC/ANGELO MOZILO for a Minor Use Permit (DRC2013-00081) is granted based on the Findings A. Through G. listed in Exhibit A and subject to the Conditions 1 through 36 Listed in Exhibit B (Document Number: 2014-047_PDH).

5. Hearing to consider a request by **BIDDLE RANCH VINEYARDS, LLC** for a Minor Use Permit to allow for the construction of a new 4,750 square-foot winery facility and tasting room in two phases. Wine production is estimated at 10,000 cases annually with a maximum case production limit of up to 15,000 cases annually. The applicant is also requesting a limited special event program that includes six annual events with no more than 80 attendees each, in addition to events (industry-wide events) that are exempt from permit requirements. The events will occur inside the winery structure and adjacent to the winery. The proposed project (both phases) will result in the disturbance of approximately 30,000 square feet on a 21-acre parcel. The Land Use Ordinance requires a 200' setback from all property lines for structures that house a public tasting room. The applicant is requesting to reduce this setback to 161' in order to minimize the removal of vines. The proposed project is within the Agriculture land use category and is located at 2060 Biddle Ranch Road, on the northeast portion of the intersection of Biddle Ranch Road and Highway 227, approximately two miles south of the southerly San Luis Obispo city-limit. The site is in the San Luis Obispo (south) sub-area of the rural South County planning area. Also to be considered at the hearing will be approval of the Environmental Document prepared for the item. The Environmental Coordinator, after completion of the initial study, finds that there is no substantial evidence that the project may have a significant effect on the environment, and the preparation of an Environmental Impact Report is not necessary. Therefore, a Negative Declaration (pursuant to Public Resources Code Section 21000 et seq., and CA Code of Regulations Section 15000 et seq.) has been issued on **June 19, 2014** for this project. Mitigation measures are proposed to address aesthetics, agricultural resources, public services/utilities, and water and hydrology and are included as conditions of approval. Anyone interested in commenting or receiving a copy of the proposed Environmental Determination should submit a written statement. Comments will be accepted up until completion of the public hearing(s).
